研究調査法	日程 Date	8月6日(月)~8月10日(金) 6 Aug (Mon) – 10 Aug (Fri) 13:00~16:15	<b>杉本 千尋</b> Chihiro SUGIMOTO 名桜大学 Meio University
Survey Method I credits	<mark>場所</mark> Venue	医学研究科 中棟3F 共通セミナー室(C3-205) 3F Graduate School of Medicine Central Building (Room C3-205)	Eugene Boostrom

Epidemiology is a fundamental discipline in public health and social sciences. Survey is also one of epidemiological methods and often employs questionnaire, which is an important epidemiological tool. These three courses will provide you with knowledge and skills to enable you to conduct epidemiological and social sciences research!
