Sept 11 (Mon)	We Left apartment at 8:10. It was first day to go to school. Dr.Boom explained us about surgery rotation. Today was Surgery Anesthesia Orthopedics. Wrote two anesthesia records in each morning and afternoon. Bought a lunch box. Kasetsart university students who will go Japan set a “getting together party”, we ate and talked.
Sept 12 (Tue)	Left apartment at 8:00. Today was Surgery Anesthesia Soft-tissue. In the morning, I followed Dr.Tan, and floated from operating room to operating room. Have lunch at cafeteria of school. In the afternoon, I wrote anesthesia record about mastectomy. Waited at recovery room until the patient wake up, and finished today’s study. After that, we went to dinner with Tokyo university students and Kasetsart University students.
Sept 13 (Wed)	Left apartment at 8:00. We got another locker. Bigger one. Today was Surgery Anesthesia Emergency. I wrote Anesthesia three records in the morning. Got lunch break from 13:00-14:00. Wrote one anesthesia record in the afternoon. After that we left the hospital, went back the apartment. At almost 19:00, we went to an eatery for dinner. I ate a green curry, and others ate Gapao rice and Fried rice. It was tasty.
Sept 14 (Thu)	Left the apartment at 8:00. Today was Surgery Anesthesia Orthopedics. Wrote two records in the morning and wrote one record in the afternoon. Today’s lunch break is for 30 minutes, so I bought a lunchbox and salad buffet. After finished study, we went to a restaurant directly and had dinner. I ate chicken noodle and SomTam. It was tasty and I want to go to the restaurant again.
Sept 15 (Fri)	Left the apartment at 8:00. Today was Surgery Anesthesia Soft-tissue and the last day in surgery rotation. Wrote an anesthesia record in the morning and waited the patient to waking up, and finished today’s class. Had lunch with Dr.Cha at the school cafeteria. After have lunch, we should have to write anesthesia reports, so we wrote reports at the school. Didn’t finished writing at the school, I had to written the reports in my room too.
Sept 16 (Sat)	No training.

Sept 17 (Sun)	No training.
Sept 18 (Mon)	Left apartment at 8:00. Today was the first day of Surgery Orthopedics. Went to two surgery as an assistant once in the morning and once in the afternoon. Got lunch break until 13:00. The afternoon surgery was finished at 14:30, and I waited the patient to wake up until 16:30. On the way to the apartment, Misato and I went another way because we wanted to see another view. There are many big houses on both sides of the street. I want to go and see others street.
Sept 19 (Tue)	Left apartment at 8:00. Today was second day of Surgery Orthopedics. Saw cases in the morning and afternoon and assisted the case in the afternoon. Lunch break was long from 11:30 to 13:00. Followed Dr.Sirun, but he explained the cases very carefully. It's so helpful for me. We finished at 16:00, and back the apartment.
Sept 20 (Wed)	Left apartment at 8:00. Today was third day of Surgery Orthopedics. Saw two cases in the morning and a case I the afternoon. Followed Dr.Sirun too today. He explained the cases carefully too. After today's training, went back to the apartment and we wrote reports a little. Ate a gapao rice with fried egg for dinner. It was so good.
Sept 21 (Thu)	Left apartment at 8:00. Today was the forth day of Surgery Orthopedics. Didn't have any cases in the morning, so we write surgical reports. Had two cases in the afternoon but the first case postponed because the pin couldn't pull out. The second case was changed another doctor from the doctor I followed. Just wrote surgical report and didn't do anything about orthopedics today.
Sept 22 (Fri)	Left apartment at 8:00. Today was the last day of Surgery Orthopedics. Didn't have any case today, and class finished at noon. Went back to the apartment, and took a nap to 16:00. After that, we went to Khaosan road. We enjoyed shopping and ate something there. Bought some souvenirs for myself. It was fun.

Sept 23 (Sat)	No training.
Sept 24 (Sun)	No training.
Sept 25 (Mon)	Leave the apartment at 8:00. Today was the first day of Surgery Soft-tissue. New members from Rakuno gakuen university added to us and rotated together for a week. Had two case and assisted the second case. My doctor allowed me to suture the skin and I did. I have done in Japan but used a doll, so it was my first time to do with living animal. Was very nervous and it was so difficult.
Sept 26 (Tue)	Leave the apartment at 8:00. Today was second day of Surgery Soft-tissue. My doctor didn't come to the hospital all day, so I followed another doctor. Had four cases but three of them were the same diagnosis. Today was my friend's birthday, so we bought cakes and celebrated her. Thai cakes was not sweeter than Japan, but there were also colorful ones.
Sept 27 (Wed)	Leave the apartment at 8:00. Today was third day of Surgery Soft-tissue. Had two cases in the morning and assisted both cases. Changed doctor I followed at noon. Had two cases in the afternoon and assisted second case. After that, wrote surgery report a little in the study room. We ate dinner at chap eatery.
Sept 28 (Thu)	Leave the apartment at 8:00. Today was forth day of Surgery Soft-tissue. My doctor didn't come to the hospital too, so I followed to another doctor who is expert of nerve. Saw a case in the morning and in the afternoon. After the work, we went and played badminton with Dr.Wijit. we played about two hours. Exercised for the first time in Thai. It was very fun.
Sept 29 (Fri)	Leave the apartment 7:50, because today was the last day and we took pictures with everyone. Followed to Dr.wijit and saw a case in the morning. After that, handed out souvenirs and took pictures together. Wanted to buy KU T-shirts, but the shop closed, so will retry in three weeks. Went to

	Chinatown for dinner with Thai students in Kamphang Sean campas.
Sept 30 (Sat)	No training.
Oct 1 (Sun)	No training.
Oct 2 (Mon)	Had an orientation of medicine, so left the apartment at 7:40. We three from Rakuno university were the same group in medicine. Today was Neurology clinic and we followed Dr.Bordin. We asked owners what's happened to the patient, or how was the patient. All of the owners were very kind for us to ask anything about the patient in English. There was a seminar by Dr.Bordin from 17:00 in Thai and we attended. Couldn't understand because it was in Thai, but after the seminar an intern doctor translated in English.
Oct 3 (Tue)	Left the apartment at 8:00. Today was Neurology clinic and we followed Dr.Bordin too. We didn't ask anything to owners today, but we did neurological exam almost every cases. Had a lunch break from 13:30 to 14:30. Went to back the examination room and the doctor said to us "I've already done all cases I have this afternoon." so we did not see any case this afternoon.
Oct 4 (Wed)	Left the apartment at 8:00. Today was the Gastroenterology clinic. Had a one case today finished at noon. In the afternoon, we had free time, so went to the Central plaza by bus. We changed the money, bought some clothes, had dinner, bought daily necessities and food. The Central plaza has many shops, the time passed quickly.

Oct 5 (Thu)	Left the apartment at 8:15. Today was OPD. OPD means OutPatient Department. Had almost 10 cases in today, and the cases were various symptoms. The doctor was examining from one to the next.
Oct 6 (Fri)	Left the apartment at 8:15. Today was Ophthalmology. Had 11 cases in the morning. There were many cases of cataract. The work didn't finish by 12:00, so we allowed to go back at 12:30. Had a lunch at school cafeteria. In the afternoon, my Thai friend picked us to the restaurant and had dinner. Ate river shrimps and it was so tasty.
Oct 7 (Sat)	No training.
Oct 8 (Sun)	No training.
Oct 9 (Mon)	Left the apartment at 8:15. Today was Urology. Did a basic physical examination and measured blood pressure. The last case was changing gauzes as postoperative care and assisted a veterinary nurse. During the case, had symptoms that seemed to be the anemia, but I healed after sitting about for 20minutes.
Oct 10 (Tue)	Left the apartment at 7:30 for having breakfast at school cafeteria. Today was radiology. In the morning, saw X-ray shooting. The patient of the first case was a snake. I was surprised very much. In the afternoon, saw CT and teacher taught about MRI and CT. the teacher know Dr.Nakade.
Oct 11 (Wed)	Left the apartment at 7:40 for having breakfast at school cafeteria with a Thai friend. Today was CCU but the doctor didn't come to the hospital and we were changed to OPD. Then, didn't know the reason but we were changed to GI again. Studied at GI with 4 Tokyo University students. Saw Liver biopsy in the afternoon. Was glad could see it because couldn't see last week.

Oct 12 (Thu)	Left the apartment at 8:20. Today was OPD in the morning and Feline clinic in the afternoon. A doctor we were going to follow today didn't come, either so we followed Dr.Nirut in the morning. Followed Dr,Tassanee as planed in the afternoon. Both surgery and internal medicine, the doctors I follow in my rotation were already decided, but many doctors didn't come to the hospital on the day.
Oct 13 (Fri)	No training. Holiday.
Oct 14 (Sat)	No training.
Oct 15 (Sun)	No training.
Oct 16 (Mon)	Left the apartment at 8:15. Today was neurology. The students belonging to another group of RGU joined to us and study together from today. Saw almost 10 cases in the morning, and almost 5 cases in the afternoon. Fujiki-sensei arrived at Bangkok and met at our apartment in the evening. It is encouraging to stay for a week and move to Kampheang Sean campus together.
Oct 17 (Tue)	Left the apartment at 8:15. Today was OPD. A consultation started from 8:40. A doctor said today I have 8 cases, so we had 4 case in the morning, but all patients didn't come in the afternoon. Finished at 14:00 because the reception was closed.

Oct 18 (Wed)	Left the apartment at 8:20. Today was Radiology but a doctor whom we would follow because he had a class. Another doctor took us to Ultra Sound room, MRI room, CT room and Radio Therapy room. It was the first time to see a radio therapy because there is not in Rakuno Gakuen university. It was very fun for me.
Oct 19 (Thu)	Left the apartment at 7:50 for having breakfast at school cafeteria. Today was OPD. Saw 3 cases in the morning. Had a discussion in the afternoon about the case we saw the first time today (otitis externa, othematoma and atopy). Gave two and a half hours and we searched about these with internet and textbook.
Oct 20 (Fri)	Left the apartment at 8:20. Today was OPD. Today was the last day of Medicine and Bang Khen campus. Saw 2 cases in the morning. A dog which had a symptom of diarrhea came, and examined feces with a microccope. Could see a parasite egg. After the training, went to rooftop and it was a very nice view.
Oct 21 (Sat)	No training. Moved to Kamphaeng Sean campus.
Oct 22 (Sun)	No training.
Oct 23 (Mon) Chulalongkorn Memorial Day	No training.
Oct 24 (Tue)	No training. Vacation in Chang island.

Nov 1 (Wed)	Left the dorm at 8:45. Today was Exotic animal. Made presentations and discussed about them in the morning. Improved the presentation while referring to doctor's advice in the afternoon. Finished at 16:30 and went to a market in the university campus with group member. Bought dinner there.
Nov 2 (Thu)	Left the dorm at 8:10. Today was Wildlife, so moved to Salakpra Wildlife Sanctuary at Kanchanaburi. Studied about Banteng that is Thai Red Cattle. In the morning, was explained. Looked for Bantengs in the forest in the afternoon, but couldn't go so far because of the ground condition were not so good. It cause it was bad weather before. I regretted I couldn't see bantengs.
Nov 3 (Fri)	Left the dorm at 8:45. Today was wildlife. Got lectures about wildlife especially Bantengs in the morning at the veterinary building. Searched about Banteng's disease in the early afternoon and after that made a presentation. Finished the class at 15:30 and went Loi Kra Thong festival at Bang Khen campus.
Nov 4 (Sat)	No training.
Nov 5 (Sun)	No training.
Nov 6 (Mon)	Woke up at 4:30, and left 5:50 because we practiced at Nong Pho this week. We heard a van come and leave at 6:00, but it was actually 7:00. Arrived at a dormitory at 7:40 and waited for starting an orientation. After the orientation, separated three groups and went to farm. Went to two farms and went to back the hospital. Didn't have any practice in the afternoon.
Nov 7 (Tue)	Left my room at 8:15. Submitted a report to the doctor. Separated four groups and went to farm. Went to five farms. Did rectum palpation at the first farm, it's a field that I leaned in Japan, but I couldn't judge clearly. I was sad. Did blood collection oh goats at fifth farm. It was my first time to do from goats.

Note: Student must submit this report to the teaching staff at your university each week via e-mail and CC CVE office. Not necessary to report on holidays and weekends unless the training was being held.

Nov 8 (Wed)	Left my room at 8:20. Submitted a report to the doctor. Separated three groups and went to farm. Saw 1 case in the morning, and saw the surgery of the case in the afternoon. in the morning doctors could cure the torsion but couldn't pull out the fetus, so the doctors decided to do surgery in the afternoon. Did a group work at school library.
Nov 9 (Thu)	Left my room at 8:25. It was a little late because I slept late last night so I couldn't wake up on time. Went to Kanchanaburi to visit farm. Went two farms in the morning and went to two farms in the afternoon. Did pregnancy appraisal at second farm. Did blood collection oh goats at fourth farm.
Nov 10 (Fri)	Left my room at 8:20. One group went to a farm but I didn't. Stayed the hospital all the morning. After the lunch, moved to the library, and ready for presentation. Made presentations about two cases we saw in this week from 13:30. Came back to Kamphaeng Sean campus after the presentations.
Nov 11 (Sat)	No training.
Nov 12 (Sun)	No training.
Nov 13 (Mon)	Left the dormitory at 8:45. It started the equine unit from today. A chief doctor of equine unit explained about what to do in the equine unit in the afternoon. After that we separated 4 groups (Q1, Q2, R1, R2). Only our group had a case before lunch, and it took time until 13:00, so we didn't take much time for having lunch. Went to demonstration farm in campus and did Physical Examination with practical horses. Measured HR, RR, Temperature, MM, etc, checked hook pain, practicing injection, and took blood sample.

Nov 14 (Tue)	Left the dormitory at 8:15. Went to meet the officer who take care of us but she didn't come yet. Did Physical Examination and brushed of the horse that came hospital yesterday morning. After that studied a case which will come tomorrow in the morning. Got a lecture about Electro-cardiogram from 13:00. After the lecture, our group had a case.
Nov 15 (Wed)	Left the dormitory at 8:15. Today saw about five case. Yesterday I heard today is no case, so there is free time, but about five horses came to the hospital. Today Belgian horse came to the hospital. Belgian horse is very big horse, like Banba. It was my first time to see, it was very cool.
Nov 16 (Thu)	Left the dormitory at 8:15. Didn't have any new cases so just looked a treatment which other group did and it was yesterday case. A horse which came this week didn't got better and noticed there was a hole at the instestinal, so a doctor decided to do euthanasia. After the euthanasia, did necropsy because of education for us.
Nov 17 (Fri)	Left the dormitory at 8:15. Today also didn't have case, but it was good for Thai students of group Q and group R who treated the Belgian horse overnight. Brought the carcasses to the demonstration farm and put it on the glass. The staffs of demonstration farm will have buried. After that, had a class about reproductive of horse by 16:00.
Nov 18 (Sat)	No training.
Nov 19 (Sun)	No training.
Nov 20 (Mon)	Left the dormitory at 8:15. Today didn't have any case, so we spent long time Olivia to stand up, but Olivia finally didn't stand up. Did PE of Miemie Miemie's owner hoped to Miemie's euthanasia, but doctors decided to let Miemie to alive because of education. Doctors will send Miemie to Hua Hin or Bang Khen because there is MRI in the hospital.

Nov 21 (Tue)	Left the dormitory at 5:40 and left Kamphaeng Sean at 6:00. Went to Bang Kok by van to see PRENCESS'S CUP in THAILAND 2017 in the morning. It was a competition of equestrian. Saw junior department. (under 18 years old) Japanese player took part in the game too. Saw the horse checking before the game in the afternoon. Left Bang Kok at 17:30.
Nov 22 (Wed)	Left the dormitory at 8:45. Today didn't have any case so the chief doctor hold a lecture but it was like an orientation and the doctor asked Japanese students how was the equine unit and told information about tomorrow in the morning. In the afternoon, only saw the doctor collected CSF.
Nov 23 (Thu)	Left the dormitory at 6:45 and went to the office building. Rode a van about two hours and arrived at conference venue. It was "ASEAN Veterinary Profession with Thailand 4.0". This conference was large scale and I met acquaintances. Listened a lecture about acupuncture in the morning. Made a presentation in the afternoon about 4 cases we saw in last two weeks.
Nov 24 (Fri)	Left the dormitory at 8:20 and went to the office building because had to copy my passport and departure card for extension VISA. After copied, went to make a KU ID. (Took a picture of face, got a student's card.) Had an oral examination in the afternoon. In the middle of the examination, the screen was failed because of blackout so the examination finished earlier than I thought.
Nov 25 (Sat)	No training.
Nov 26 (Sun)	No training.
