Program for Leading Graduate Schools
Fostering Global Leaders in Veterinary Science for contributing to One Health
Environmental Pollution and Food Safety in Africa

Date: 5th, March

Venue: 3rd Lecture room, Graduate School of Veterinary Medicine, Hokkaido University

- | | |
|-------------|---|
| 14:00~14:05 | Opening remarks by Prof. Masahiro Okumura
(Professor of Surgery, Head of International Committee, Graduate School of Veterinary Medicine, Hokkaido University) |
| 14:05~14:30 | Prof. Mahdy AbdEl-Gawad AbdEl-Kader (Zagazig University)
Perspectives on mycotoxin contamination of food |
| 14:30~14:55 | Prof. Alaa Eldin Mohamed Ali Morshdy (Zagazig University)
Current Situation of pesticides residues in Arab countries |
| 14:55~15:20 | Prof. Nabli H.H. Bashir (Gezira University)
Environmental pollution in Africa |
| 15:20~15:45 | Prof. Elsaid Abozeid Eldaly (Zagazig University)
Organochlorine pesticide residues in local and imported fish at Sharkia province markets, Egypt |
| 16:00~16:25 | Prof. Ahmed Elsadek Hegazy (Zagazig University)
Studies on fungal infection in chickens with relation to environmental pollution |
| 16:25~16:40 | Dr. Wageh Sobhy Darwish (Hokkaido University, Zagazig University)
Cross-talks between heavy metals and xenobiotics metabolizing enzymes |
| 16:40~16:55 | Dr. Nowaki Hijikata (Faculty of Engineering, Hokkaido University)
Concept of resources recycling sanitation system for rural area in Burkina Faso
- Linkage of sanitation and agriculture - |

- 16:55~17:05 Dr. John Yabe (Hokkaido University, University of Zambia)
Lead and cadmium contamination in offal of cattle
from a Pb-Zn mining town of Zambia
- 17:05~17:15 Dr. Yoshinori Ikenaka (Hokkaido University)
Field toxicological research activity in African countries
- 17:15~17:30 Closing remarks by Prof. Shigeo Ito
(Dean, Professor of Pharmacology, Graduate School of Veterinary Medicine,
Hokkaido University)
