Summary of activities (about 800 words, provide photos, tables and figures that clearly show the activities during the period)

I am so pleased to be selected and to have the opportunity to visit Nagasaki University on 8th June, 2015.

At morning, we joined their communication skill class and we have a very good discussions about many topics including our research, future career....etc.

After noon, we have a tour in the tropical institute of medicine facilities and laboratories. I also have to talk with many professor and doctoral students during this tour

Later noon, we had a great presentations about Leading Program and our research works. Each one of us present 10 minutes presentation about his/her reaserch results and future plan. We had a great discussions and ideas about the topic of our research that provide me with valuable and interesting advices and information's that's broaden my understanding.

At evening, they held a reception party for us, we enjoy delicious food while chatting with Nagasaki university students and professors.

I would like to thanks all leading program members especially Prof Dr. Hiroshi for this opportunity.

I hope from deep heart that I will have such opportunity once more in near future.
